Player 1 Blorps x 4

Player 2 Blorps x 4

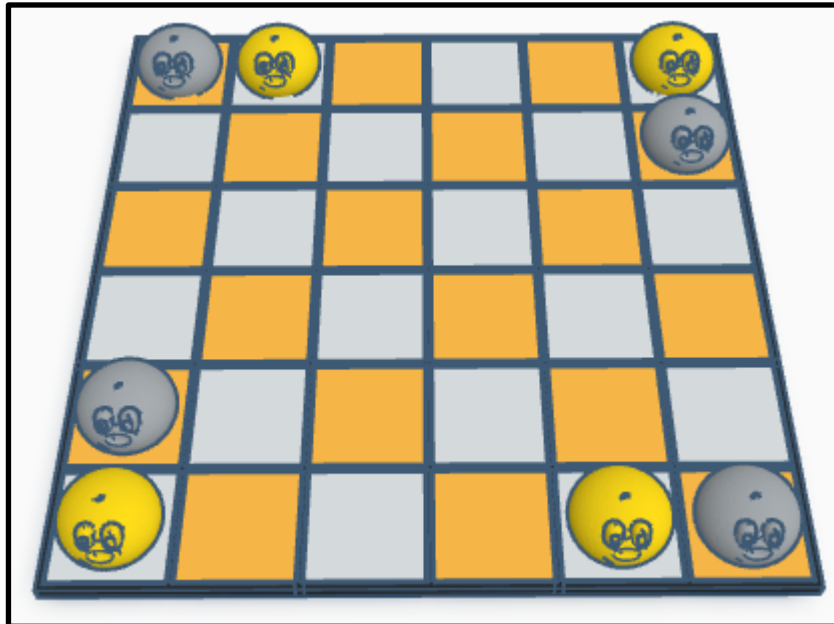

Objective

The Object of the game is to line up all 4 of your Blorps in a row vertically, horizontally or diagonally.

Setup

- 1: Using the MCB Modules and connectors, build a 6x6 board as shown below.
- 2: Place the Blorps onto the board as indicated below.

Turns

- 1: Players take turns moving one Blorp per turn.
- 2: The Player with the soonest birthday goes first.

Movement

- 1: Players may move any Blorp in a straight line in any direction (Vertically, Horizontally, or Diagonally).
- 2: Players must move their chosen Blorp as far as it can be moved until it runs into either the edge of the board, or another Blorp.
- 3: Blorps cannot jump each other.
- 4: Blorps cannot capture each other.

Victory Conditions

- 1: The first player to line up all 4 of their Blorps Wins the round
- 2: The Board is then reset and the players play again
- 3: A standard game is no more than three rounds. The first player to win 2 rounds wins the game (Best 2 out of 3)
